

We're now accepting new **Private Hygiene Patients!**

Achieve a fresh, clean smile and maintain excellent oral health with our professional **Scale & Polish** and **Airflow Polishing treatments**. Our expert team and state-of-the-art facilities here at Hoghton Street Dental Practice ensure you receive top-quality dental care.

Get rid of those stubborn stains and restore your confidence with Airflow Polishing Stain Removal.

Airflow Polishing and/or Premium Polish is a quick, gentle cosmetic treatment that removes stubborn stains from the front and back of your teeth. They instantly brighten your smile by eliminating discolouration caused by tea, coffee, red wine, and tobacco. These treatments also help maintain a healthy mouth by removing plaque and tartar, leaving your teeth clean and fresh. Interested? Book your appointment with our Hygienist today — get in touch with us via phone or email.
